Digger, Digger, Racing Car Game

Ages 3+

Time

15
mins

What you need:

Nothing

How to Play

1. All of the children except one sit in a circle facing each other. The remaining person goes around the outside of the circle, tapping each child gently on the shoulder and saying “digger.”
2. When the tapper says “racing car,” the child whose shoulder was just touched jumps up and chases the tapper around the circle.
3. The tapper in turn tries to get all the way back to the empty place without getting tagged by the racing car. If the tapper succeeds, the racing car becomes the new tapper and the game continues. But if the racing car catches the tapper, the game starts again with the tapper walking around the circle.
